---

### PRIMARY TEACHING / RESEARCH INTEREST

- ◆ Knowledge Discovery and Data Mining
- 

### SPECIFIC RESEARCH INTERESTS

- ◆ Knowledge Discovery and Data Mining
  - ◆ Information Retrieval
  - ◆ Electronic Commerce
  - ◆ Knowledge Management
- 

### SPECIFIC TEACHING INTERESTS

- ◆ Data Mining
  - ◆ Knowledge Management
  - ◆ Telecommunications
  - ◆ Programming Languages
- 

### ACADEMIC PREPARATION

#### Ph.D. in Management

*The Eller College of Business, University of Arizona, 2007*

Major: Management of Information Systems

Minor: Linguistics

Dissertation Title: Knowledge Acquisition, Delivery and Prediction through Text Mining

Advisor: Hsinchun Chen

#### Masters of Business Administration

*College of Business Administration, University of Akron, 2001*

Major: Management

Minor: International Business

#### Bachelor of Science

*College of Engineering, University of Cincinnati, 1997*

Major: Civil Engineering

Concentration: Transportation Engineering

---

## PROFESSIONAL EXPERIENCE

**Assistant Professor, Fall 2007 – Present**

*Dept. of Information Systems, Iona College*

### **Current Research Areas:**

- ◆ Sports Data Mining – Mining relevant data from Sports-related databases and producing accurate predictions from them can provide an edge to sports organizations and gamblers alike. Using the Moneyball style philosophy, this project analyzes the use of different machine learning techniques to predict outcomes of sporting events.
  
- ◆ Textual Financial Prediction – A continuation of the AZFinText studies, this project examines the relationship between financial news articles and their impact on stock market prices. Prediction is made utilizing various textual representation schemes, price prediction models and machine learning techniques to accomplish profitability in extreme near-term trading. Based on the premise that unexpected news events can shape the price of a stock, we capitalize on automatically identifying the relevant keywords in the news article and then execute a trade well-before human traders have a chance to read the news article.

### **Teaching:**

- ◆ Business Information Systems
  - ◆ Data Mining
  - ◆ Internet Applications
  - ◆ IT in Infrastructure
  - ◆ Network Construction
  - ◆ Quantitative Investing
  - ◆ Telecommunications
- 
- Responsible to challenge students with interesting and active materials relevant to business
  - Provided invaluable peer insight into continuing efforts to improve student curriculum
  - Anticipated areas of student difficulty and adjusts dynamic lectures accordingly

---

**Research Associate, Fall 2003 – Spring 2007**

*Artificial Intelligence Lab*

*Dept. of Management of Information Systems, Univ. of Arizona*

- ◆ Textual Financial Prediction – Known as AZFinText, this project examines the relationship between financial news articles and their impact on stock market prices. Prediction is made utilizing various textual representation schemes, price prediction models and machine learning techniques to accomplish profitability in extreme near-term trading. Based on the premise that unexpected news events can shape the price of a stock, we capitalize on automatically identifying the relevant keywords in the news article and then execute a trade well-before human traders have a chance to read the news article.
  
- ◆ Question Answer Systems – The AZ-ALICE and TARA chatterbot experiments were an exploration into the potential of using natural language chatterbots as conversational entities. These two studies, AZ-ALICE in Fall 2003 and TARA in Spring/Summer 2004, were built on the proven ALICE chatterbot engine ([www.alicebots.org](http://www.alicebots.org)). In the AZ-ALICE experiment we tested a limited telecommunications knowledge set to see how well the chatterbot could

respond to telecommunications-related questions. The TARA studies went one step further and analyzed a substantial terrorism knowledge base that was automatically gathered from the Internet. From our experiments we found several interesting facets. The most important of which was the discovery that adding more knowledge to the system actually harmed the quality of responses.

---

**Instructor, Summer 2004**

*Dept. of Management of Information Systems, Univ. of Arizona*

Course: Business Information Systems

---

**Instructor, Fall 2000 – Summer 2003**

*College of Business Administration, Univ. of Akron*

Courses: MicroComputer Applications  
Business Information Systems

- ◆ Consistently received excellent ratings on student evaluations
-

## GRANT PROPOSALS

- (1) Price Waterhouse Coopers Inquires, “Leveraging XBRL for Continuous Auditing,” 2007, \$152,838.
- (2) National Science Foundation – The National Science Digital Library, “Knowledge Creation and Integration for NSDL: Learning Support for Digital Libraries,” 2005, \$499,865.
- (3) CELTIC Excellence in Teaching Awards, “Exploring the Link between Internet Applications and Robotics,” 2009, \$1,500. Funded 2009.

---

## SEMINARS, INVITED TALKS AND CONFERENCE PRESENTATIONS

- (1) “Analyzing Representational Schemes of Financial News Articles,” *The Third China Summer Workshop on Information Systems (CSWIM-2009)*, June 2009. Guangzhou China, June 27-28, 2009.
- (2) “An Investigation of SVM Regression to Predict Longshot Greyhound Races,” *International Information Management Association Conference (IIMA-2008)*, San Diego CA, Oct. 13, 2008
- (3) “Sports Knowledge Management and Data Mining,” *Information Systems Dept. Research Seminar*, New Rochelle NY, Mar. 25, 2008

- (4) “Using SVM Regression to Predict Greyhound Races,” *Information Systems Dept. Research Seminar*, New Rochelle NY, Oct. 22, 2007
  - (5) “Textual Analysis of Stock Market Prediction Using Financial News Articles,” *SAS 10<sup>th</sup> Annual Data Mining Conference*, Las Vegas NV, Oct. 2, 2007
  - (6) “Knowledge Acquisition, Delivery and Prediction through Text Mining,” *Graduate College – Final Defense*, Tucson AZ, Apr. 19, 2007
  - (7) “Evaluating a News-Aware Quantitative Trader: The Effect of Momentum and Contrarian Stock Selection Strategies,” *Iona College*, New Rochelle NY, Apr. 13, 2007
  - (8) “Using SVM Regression to Predict Greyhound Races,” *Artificial Intelligence Lab – PhD Seminar*, Tucson AZ, Mar. 30, 2007
  - (9) “Evaluating a News-Aware Quantitative Trader: The Effects of Momentum and Contrarian Stock Selection Strategies,” *Artificial Intelligence Lab – PhD Seminar*, Tucson AZ, Feb. 16, 2007
  - (10) “Stock Prediction with Financial News Articles: The Effect of Industry Classification,” *MIS Dept. Brown Bag Lecture Series*, Tucson AZ, Sept. 1, 2006
  - (11) “Stock Prediction with Financial News Articles: The Effect of Industry Classification,” *Artificial Intelligence Lab – PhD Seminar*, Tucson AZ, Aug. 18, 2006
  - (12) “Textual Analysis of Stock Market Prediction Using Financial News Articles,” *Americas Conference on Information Systems (AMCIS-2006)*, Acapulco Mexico, Aug. 4, 2006
  - (13) “Knowledge Acquisition, Delivery and Prediction through Text Mining,” *Graduate College – Oral Examination*, Tucson AZ, May 10, 2006
  - (14) “Knowledge Acquisition, Delivery and Prediction through Text Mining,” *Artificial Intelligence Lab – PhD Seminar*, Tucson AZ, Apr. 28, 2006
  - (15) “Textual Analysis of Stock Market Prediction Using Breaking Financial News,” *Artificial Intelligence Lab – PhD Seminar*, Tucson AZ, Nov. 4, 2005
  - (16) “Interaction Analysis of the ALICE Chatterbot,” *MIS Department – Written Prelim*, Tucson AZ, Oct. 6, 2005
  - (17) “Textual Analysis of Stock Market Prediction Using Breaking Financial News,” *Artificial Intelligence Lab – PhD Seminar*, Tucson AZ, July 1, 2005
  - (18) “Evaluating the Efficacy of a Terrorism Question Answer System: The TARA Project,” *Artificial Intelligence Lab – PhD Seminar*, Tucson AZ, Sept. 17, 2004
  - (19) “Evaluating Mass Knowledge Acquisition using the ALICE Chatterbot,” *Artificial Intelligence Lab – PhD Seminar*, Tucson AZ, Jan. 23, 2004
-

## TEACHING EXPERIENCE

### Iona College

#### *Undergraduate*

- Business Information Systems
  - BUS 150 – C Spring 2010 Scheduled
  - BUS 150 – D Spring 2010 Scheduled
  - BUS 150 – B Fall 2009 Scheduled
  - BUS 150 – C Fall 2009 Scheduled
  - BUS 150 – D Fall 2009 Scheduled
  - BUS 150 – EA Summer 2009 Scheduled
  - BUS 150 - C Spring 2009 In Progress
  - BUS 150 - D Spring 2009 In Progress
  - BUS 150 - E Spring 2009 In Progress
  - BUS 150 - C Fall 2008 Teacher Rating of 2.90 on a 4.0 scale
  - BUS 150 - D Fall 2008 Teacher Rating of 2.87 on a 4.0 scale
  - BUS 150 - EA Summer 2008 Teacher Rating of 3.50 on a 4.0 scale
  - BUS 150 - EB Summer 2008 Teacher Rating of 3.00 on a 4.0 scale
  - BUS 150 - C Spring 2008 Teacher Rating of 3.13 on a 4.0 scale
  - BUS 150 - M Spring 2008 Teacher Rating of 3.05 on a 4.0 scale
  - BUS 150 - D Spring 2008 Teacher Rating of 3.22 on a 4.0 scale
  - BUS 150 - D Fall 2007 Teacher Rating of 3.17 on a 4.0 scale
  - BUS 150 - E Fall 2007 Teacher Rating of 3.00 on a 4.0 scale
  - BUS 150 - F Fall 2007 Teacher Rating of 3.58 on a 4.0 scale
- Internet Applications in Business
  - IS 355 Spring 2009 In Progress
- Network Construction
  - IS 450 Summer 2008 No Results

#### *Graduate*

- Business Information Systems
  - MBA 580 Summer 2009 Scheduled
- Data Mining
  - IS 685 Fall 2009 Scheduled
  - IS 685 Fall 2008 Teacher Rating of 2.20 on a 4.0 scale
- IT in Infrastructure
  - IS 627 Spring 2010 Scheduled
- Quantitative Investment
  - IS 615 Summer 2009 Scheduled
  - IS 615 Summer 2008 No Results
- Telecommunications
  - IS 991 Winter 2009 Scheduled
  - IS 991 Winter 2007 No Results

## University of Arizona

### *Undergraduate*

- Business Information Systems
  - MIS 304 Summer 2004 Teacher Rating of 4.20 on a 5.0 scale

## University of Akron

### *Undergraduate*

- Business Information Systems
  - 6500:310-080 Fall 2001 Teacher Rating of 3.07 on a 5.0 scale
  
- MicroComputer Applications
  - 6200:250-007 Spring 2003 Teacher Rating of 3.91 on a 5.0 scale
  - 6200:250-006 Spring 2003 Teacher Rating of 4.34 on a 5.0 scale
  - 6200:250-005 Spring 2003 Teacher Rating of 3.59 on a 5.0 scale
  - 6200:250-003 Spring 2003 Teacher Rating of 4.27 on a 5.0 scale
  - 6200:250-008 Fall 2002 Teacher Rating of 4.50 on a 5.0 scale
  - 6200:250-007 Fall 2002 Teacher Rating of 4.49 on a 5.0 scale
  - 6200:250-003 Fall 2002 Teacher Rating of 4.73 on a 5.0 scale (Top 20%)
  - 6200:250-002 Fall 2002 Teacher Rating of 4.52 on a 5.0 scale
  - 6200:250-488 Summer 2002 Teacher Rating of 4.60 on a 5.0 scale
  - 6200:250-403 Summer 2002 Teacher Rating of 4.14 on a 5.0 scale
  - 6200:250-002 Spring 2002 Teacher Rating of 4.22 on a 5.0 scale
  - 6200:250-001 Spring 2002 Teacher Rating of 4.43 on a 5.0 scale
  - 6200:250-007 Fall 2001 Teacher Rating of 4.03 on a 5.0 scale
  - 6200:250-101 Summer 2001 Teacher Rating of 4.45 on a 5.0 scale
  - 6200:250-008 Spring 2001 Teacher Rating of 4.54 on a 5.0 scale
  - 6200:250-005 Fall 2000 Teacher Rating of 4.17 on a 5.0 scale

### *Continuing Education*

- Microsoft PowerPoint
  - 7677 Spring 2002 Teacher Rating of 4.20 on a 5.0 scale

---

## CURICULUUM DEVELOPMENT

### Iona College

#### *Undergraduate*

- Network Construction
  - A hands-on course where students are tasked with constructing a non-trivial computer network from the ground up. Theory is blended with practice and students will gain experience in network design, construction, troubleshooting and diagnostics.

#### *Graduate*

- IT in Infrastructure
  - With an ageing national infrastructure, we examine ways in which Information Systems can be used to develop, maintain and improve our existing transportation, telecommunication and energy needs. With many of these systems becoming more complex and inter-dependent, it is important to identify the potential roles that Information Systems may play in maximizing solutions and opportunities while minimizing situations where the introduction of Information Systems may cause unintended consequences.

- Quantitative Investing
  - This course provides an overview of Information System-based financial transaction systems and their role in portfolio selection for the Financial Sector. Topics include portfolio selection, rebalancing and performance monitoring from the standpoint of artificial intelligence learning techniques. This course covers stock selection/filtering, building robust scalable models, identifying statistical deviations, arbitrage market theories, managing risk and measuring the performance of various quant models.
- Telecommunications
  - This course provides a systems view of computer networking and telecommunications. Topics include voice and data communications, networking protocols, IP telephony, wireless and mobile networks, networking security and management. The course also covers networking and telecommunication techniques, applications technology, networking topologies and architectures. Specific areas discussed include LAN system fundamentals, such as Ethernet and token ring, WAN system fundamentals, such as circuit-switching, packet-switching, X.25, frame relay and Asynchronous Transfer Mode.

---

## INDUSTRY EXPERIENCE

### President, 2008 – Present

*The Schumaker Foundation Inc.* – [www.schumakerfoundation.com](http://www.schumakerfoundation.com)

- ◆ The Schumaker Foundation Inc. is a 501(c)(3) public non-profit charity that is dedicated to providing financial scholarships to exceptional students in both Divinity and Information Systems fields.
  - Organized, founded and brought forth a new avenue of assistance to serve a demographic set that is not typically served
  - Responsible for all aspects of the Foundation's business
    - Incorporation, taxation, day to day activities, strategic vision, website design and maintenance, presiding over board meetings, etc.

---

### Computer Lab Manager, January 2001 – March 2002

*CBA Computer Labs, Univ. of Akron*

- ◆ Instrumental in modernizing operations by embracing the complete paperless office concept
- ◆ Created a networked scheduling program to handle the student demand for lab equipment
- ◆ Raised efficiencies by developing models to provide instant data on all aspects of operations
- ◆ Initiated and implemented an online student assistant training program with hands-on objectives

---

### Interim Director of Technology, August 2000 – January 2001

*CBA Computer Labs, Univ. of Akron*

- ◆ Responsible for the overall development and technology needs of the college
- ◆ Assertively trained Lab Assistants to handle incredibly complex computer-related problems
- ◆ Took an aggressive initiative in replacing 1/3 of the lab computers and servers
- ◆ Handled daily operations and set into motion a long term strategic plan addressing future needs

---

### **Vice President, 1997 – 1999**

*Schumaker Hardware, Baltic, Ohio*

- ◆ Responsible for day to day operations across all facets of operation
- ◆ Integral in expanding physical store selling area by 150%
- ◆ Wrote a neural network algorithm to analyze and predict sales given historical knowledge
- ◆ Created an inventory control program that reduced inventory counts from weeks to days

---

### **REVIEWER – JOURNALS**

- ◆ Communications of the ACM
- ◆ Communications of the IIMA
- ◆ IEEE Intelligent Systems
- ◆ Information Systems Frontiers
- ◆ Journal of Electronic Commerce Research

---

### **REVIEWER – CONFERENCES**

- ◆ AAAI – American Association for Artificial Intelligence, 2005
- ◆ AMCIS – Americas Conference on Information Systems, 2006
- ◆ CIKM – Conference on Information Knowledge and Management, 2006
- ◆ DELOS – Workshop on User Interfaces in Digital Libraries, 2005
- ◆ DESRIST – International Conference on Design Science, 2006
- ◆ DGO – International Conference on Digital Government Research, 2006
- ◆ ECDL – European Conference on Research and Advanced Technology for Digital Libraries, 2007
- ◆ ICADL – International Conference of Asian Digital Libraries, 2005, 2006
- ◆ ICIS – International Conference on Information Systems, 2006
- ◆ IIMA – International Information Management Association, 2008, 2009
- ◆ ISI – IEEE International Conference on Intelligence and Security Informatics, 2005, 2006
- ◆ JCDL – Joint Conference on Digital Libraries, 2005
- ◆ PSB – Pacific Symposium on BioComputing, 2006
- ◆ SISC – San Diego International Systems Conference, 2005
- ◆ WeB – Workshop on e-Business, 2005
- ◆ WISI – Workshop on Security and Intelligence Informatics, 2006
- ◆ WSA – Workshop on Sciences of the Artificial, 2005

---

### **MEMBERSHIP IN PROFESSIONAL SOCIETIES**

- ◆ Association for Computer Machinery (ACM)
- ◆ Association for Information Systems (AIS)
- ◆ Institute for Electrical and Electronics Engineers (IEEE)
- ◆ The Society for American Baseball Research (SABR)

## TEXTBOOKS REVIEWED

- (1) Haag, S. and Perry, J. I-Series: Microsoft Office Access 2003 Complete. McGraw-Hill/Irwin, 2003.
- (2) Haag, S. and Perry, J. I-Series: Microsoft Office Excel 2003 Complete. McGraw-Hill/Irwin, 2003.

---

## CONTINUED STUDY

### Post Baccalaureate

*Spring 2003 – University of Akron*

- ◆ 3460:460 Artificial Intelligence and Heuristic Programming

---

## TECHNICAL SKILLS

- ◆ Java, JSP development
- ◆ Have actively taught Visual Basic
- ◆ Have actively taught expert levels of MS Office
- ◆ Have a home network that rivals not small, but mid-sized businesses for its capacity
- ◆ Host and maintain several Internet Web domains
- ◆ Have extensive experience maintaining large arrays of personal computers
- ◆ Skillful in computer security lockdowns, monitoring and maintenance capability
- ◆ SQL Server
- ◆ Apache Tomcat

---

## AWARDS AND HONORS

- ◆ CELTIC Excellence in Teaching Award, 2009
- ◆ Nominated for the GPSC Outstanding Research Assistant of the Year, 2005, 2007
- ◆ GRS Scholarship – University of Arizona, Spring 2005 – 2007
- ◆ Nominated for the James LaSalle Teaching Award, 2004, 2006
- ◆ Tuition Scholarship recipient – University of Arizona, 2003 – 2007
- ◆ Graduate Assistantship – University of Arizona, 2003 – 2007
- ◆ Tuition Scholarship recipient – University of Akron, 2000 – 2001
- ◆ Graduate Assistantship – University of Akron, 1999 – 2000
- ◆ Partial Scholarship recipient – University of Cincinnati
- ◆ Induction into Sigma Iota Epsilon, Honorary Management Fraternity
- ◆ Consistently receive outstanding Instructor ratings on Student Evaluations

---

## PROFESSIONAL SERVICE

- ◆ Track Chair, Sports Knowledge Management and Data Mining – IIMA Conference, 2009
- ◆ SABR Statistical Analysis Committee Member, 2007 – Present
- ◆ ICIS Volunteer, 2005
- ◆ JCDL Director of Onsite Registration Activities, 2004
- ◆ ISI Volunteer, 2004

---

## COLLEGIATE SERVICE

- ◆ Iona College Library Committee Member, 2008 – Present
- ◆ Iona College Institutional Review Board Member, 2009
- ◆ IS Dept's AACSB Self-Study Committee Chair, 2008, 2009
- ◆ Presidential/Dean's Scholarship Interviewer, 2008, 2009
- ◆ IS Dept. Liaison for Campus Day for Accepted Students, 2009
- ◆ IS Dept. Textbook Selection Committee, 2008
- ◆ Administrator of the IS Dept. Computer Lab, 2007 – Present
- ◆ Hagan School of Business Freshman Advisor, 2007 – Present
- ◆ AI Lab Recruiting Leader, 2004 – 2007
- ◆ AI Lab PhD Seminar Coordinator, 2004 – 2006
- ◆ Eller College Admissions Interviewer, 2006, 2007
- ◆ Graduate and Professional Student Council Representative, 2006 – 2007
- ◆ Graduate and Professional Student Council, Travel Grant Judge, 2006
- ◆ MISA Test Review Volunteer Instructor, 2004 – 2005
- ◆ Graduation Marshall for the Faculty, 2002 – 2003
- ◆ University of Akron Scholarship Interviewer, 2003
- ◆ Quasi-Academic Advisor for SITE Student Group, 2002 – 2003
- ◆ CBA Computer Operations Committee, 2000 – 2001

---

## COMMUNITY SERVICE

- ◆ The Schumaker Foundation Inc. – Board of Governor's, 2008 – Present
- ◆ Adopt-A-Spot Volunteer – Derby, CT, 2008 – Present
- ◆ American Red Cross – VIP Blood Donor, 1999 – Present
- ◆ Habitat for Humanity Volunteer, 2003 – Present
- ◆ ΦΚΤ - Star Link of charitable giving
- ◆ Big Brothers/Big Sisters Volunteer, 2000 – 2003
- ◆ ΦΚΤ Board of Governor's, ΑΦ Chapter, 1999 – 2003
